Director, Central Intelligence
Agency
Langley, Virginia 20505

ATTN: Office of Legislative Counsel

Dear Admiral Turner:

Enclosed are two copies of our report which addresses the management and operational capabilities of the Department of Defense reconnaissance/intelligence mission.

The report contains recommendations to the Congress and to the Secretary of Defense aimed at improving the support needed to meet Department of Defense reconnaissance/intelligence requirements in Europe, particularly the war-time requirements of tactical military units.

Copies of the secret report are being provided to the Congress and the Department of Defense through the normal channels used for classified reports. Distribution of the highly classified supplement is being handled separately by the Department of Defense. The only congressional committees to receive copies will be the Select Committees on Intelligence.

Sincerely yours,

Comptroller General
of the United States
